APPLICATION FORM FOR STUDENT MEMBERSHIP

Student member status allows the member to be part of the advocacy group who is working toward the promotion of the profession, to assist at the Annual General Meeting and to receive the review and all documentation communicated to the members by the CPNB. However, this status does not authorize the practice of psychology and is not necessarily eligible for licensing because the member has not yet completed his or her training and the file has not been reviewed by the Registration Committee. A student who chooses to practice psychology with a student membership, does so at his or her own risk and should inform his or her employer, unless it is part of the internship or practicum.
